

Code Reviews – Why, What, and How

 @arne_mertz

Who does code reviews?

Why? 🤔

Catching bugs

performance 🏎️ efficiency

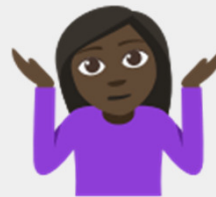

code  **quality**

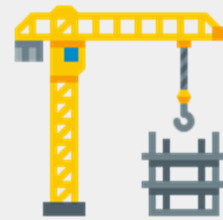

learning possibilities

get  familiar

What?

features

bug fixes

tests

refactoring

indentation and whitespace

documentation

How!?

commitment 🤝

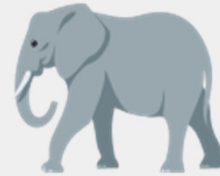

check in

review when it's done

don't  wait

don't  hurry

no giant PRs

 context 

review  alone

no touching 🙄

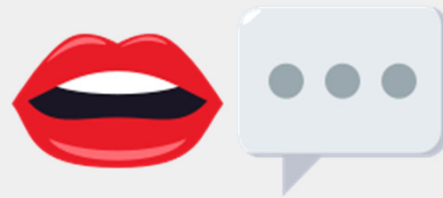

black box review

what to look for

take  notes

talk to each other

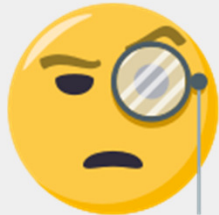

stay constructive

accept  **reject**

use  **tooling**

automate everything

Who? 

senior  or  junior

curious? review!

present interesting solutions

inspect and adapt

questions?

Thank you  Let's talk!
